City Officials To Conference Over Aqueduct

Mayor John Dennis is expected to head a delegation of Torrance councilmen and city officials which will participate in the formulation of a program of action on the Metropolitan (Colorado River) aqueduct at a dinner meeting of officials from the 14 cities now in the Metropolitan Water District, next Thursday, June 4. The meeting will be held at the Alexandria hotel in Los Angeles.

The invitation to the cities requests the presence of the mayor, councilmen, city engineer and city attorney at the meeting. The rapid development of plans for the Metropolitan aqueduct make this conference particularly desirable at the present time, it is reported. It was indicated at the Water District headquarters in Los Angeles that the Supreme Court's dismissal of Arizona's suit against Boulder Dam has given tremendous impetus to the aqueduct project.

Cities in the Metropolitan Water District are Anaheim, Beverly Hills, Burbank, Colton, Fullerton, Glendale, Long Beach, Los Angeles, Pasadena, San Bernardino, San Marino, Santa Ana, Santa Monica and Torrance.

Well Site, Park For Same Cost

Water Supply Is Necessary in Near Future

The fact that any site, purchased by the city for a city park, will be a terrain that is water bearing, adds another reason why the Park-Playgrounds bond issue, to be voted June 9, should receive the endorsement of the people.

Torrance is going to need well sites to provide a supply of water for the publicly-owned water system which is now embroiled in litigation. A well site can be part of the park, according to designers of such recreational centers, without endangering the natural beauty of the park.

Thus, the city of Torrance will acquire both a park and site for future water wells at the same time and at the same price.

Murphy's Comedians Are Now Playing At "Alamo" in Gardena

Last Saturday marked the opening of an extended engagement of the Murphy's Comedians at the Alamo Theater in Gardena. Their opening bill, "Her Marriage Wow," a comedy in three acts, gave the entire company an opportunity to show their stuff which was exceptionally well received by the audience.

There isn't any need of saying anything about the company of players, they are known to every one who has lived in this section any length of time. When Mr. Murphy's bunch played in this locality before they used a tent for a theater.

To make the old friends as much at home as possible the manager of the theater has decorated in such a manner as to create the illusion of viewing the performance from a tent. The walls and ceiling of the building have been trimmed with multi-colored canvas and streamers and the theater is dimly lit. To carry the illusion, a candy sale is held between the first and second acts. The prices remain as they were 25 cents for adults and a dime for kids.

Proceeding Rejected By City's Attorneys

(Continued From Page 1-A) issued at stake," he said. "I am told that references were made in the proceedings to the effect that the water company's product was pure and wholesome; that the company was adequately serving the city; that the residents had no complaint and other such statements. These the city's attorneys believe outside of the main point in the case, which is, the question of the constitutionality of the act under which the bonds were voted. Consequently the papers were returned to the water company's attorneys with the suggestion that the case be redrawn. Now we await their submission of the revised proceedings."

The water company is understood willing to file an injunction suit to prevent the city from selling the bonds for the publicly-owned water system. This is considered the best move for both the city and the water company now that the Appellate Court has declined to take jurisdiction in the controversy. The case is to be filed in the Superior Court.

Boys' Band Presents Impromptu Concert

An impromptu parade and concert Saturday evening was the first public appearance here of the recently organized Torrance Boys' Band. Five double-faced banners were carried in the procession and displayed slogans attesting to the benefits to be derived from a municipal park and playgrounds.

The boys were attractively attired in uniforms and made a good impression. It is planned to present another Saturday evening concert here in about two weeks.

New Change Days on Talks Are Announced

Start Night Ball League at Meeting

A preliminary organization meeting of all night-ball fans interested in starting a city league here soon will be held at Tansey's barber shop Wednesday, June 3, at 7:30 p. m. All organizations in the city who would like to enter a team to play under the flood lights to be erected at the diamond, corner of Border avenue and Carson street, are requested to be present.

Plenty Rain Without A Single Accident

Drenching rains Sunday and Monday raised the total rainfall to date to 1.47 inches, according to weather observers at the High school. The storm added .69 of rain to the moisture received previously. No damage resulted from the downpour and no automobile accidents were reported at the local police station.

Novarro Back in Smart Army Uniforms

"Daybreak," new Metro-Goldwyn Mayer talkie, which will be seen Sunday and Monday at the Torrance Theater, will present the most be-uniformed star the motion picture business has known. Ramon Novarro, hero of Dr. Arthurs Schmitzler's gay love story of Vienna before the war, has worn the uniforms of more armies, it is said, than any other actor of either stage or screen. When he appears as an amorous lieutenant of His Majesty's Guards in "Daybreak" it will be but one of nearly forty times that he has appeared in the guise of a soldier.

Boisterous Prisoner Given Stiff Sentence

After two men had aided Officer Edwards in taking Ernie Neal, 20, local pool hall worker, to the city jail from a restaurant where he was reported annoying waitresses, the young man continued his demonstration of noise and disturbance for several hours in confinement Friday evening.

"ELECTRICAL REFRIGERATION IS AN INVESTMENT"

In 600 different ways, California women said practically the same thing when asked what they thought about Electrical Refrigeration. Time and again they referred to Electrical Refrigeration as an investment, proving that modern women buy as men buy, not on the basis of what it costs, but what it pays. Warm days are coming when you will appreciate this economy, plus the safety, the convenience, and the comfort of Electrical Refrigeration. Learn how easily you can have your Electrical Refrigerator installed, immediately.

Our Electric Refrigerator has proved to be the best paying proposition in our household. It is paying for itself in the saving we get by buying in quantity, and also in the cost of refrigeration. Pasadena. Nothing so necessary, next to the stove. Mrs. M. Santa Barbara. Our bill used to be about \$4 per month, but with the Electric Refrigerator during the hot months last summer the bill was about \$1.50. Mrs. D. Los Angeles. Electrical Refrigeration is an investment which will return about 8% by reducing bills \$2 per month, in addition to the saving in food. Mrs. P. Pasadena. I truthfully believe Electrical Refrigeration will save the average family 50% a year in food. Mrs. R. San Gabriel. Name on request.
